Citizenship: Argentine & Italian (EU Work Eligible).

Technical Skills & Languages

- **Programming & Frameworks:** C#.NET (Cobis Libraries), Java, Python, Visual Basic 6.0, SQR
- **Databases:** SQL Server, PostgreSQL, Sybase SQL (Stored Procedures, Relational Database Design).
- **Tools & Methodologies:** Git, Visual Studio, Unix (PuTTY), Cursor (AI IDE), AI Prompt Engineering, Debugging, Testing.
- **Domain Knowledge:** Core Banking Systems (Cobis), Financial Modules
- **Languages:** English (C1 - Cambridge First Certificate), Spanish (Native).

Experience

Accusys Technology | Buenos Aires, Argentina
Programmer Analyst | August 2023 – Present

- Developed and maintained custom screens and user interfaces for the Cobis Core Banking system using C#.NET, Visual Studio, and proprietary Cobis libraries.
- Led the execution and migration of critical financial modules and databases during a complex bank acquisition process, ensuring operational continuity and sensitive data integrity.
- Accelerated software development and debugging cycles by leveraging AI tools (Cursor) and prompt engineering, improving overall code delivery efficiency.
- Developed and optimized SQL queries and Stored Procedures in PostgreSQL and Sybase SQL, successfully increasing overall system performance by 20%.
- Developed and maintained enterprise applications using C#.NET and Visual Basic 6.0, implementing new quality controls that reduced errors in production environments.
- Managed the resolution of complex technical support incidents, automating previously manual processes to optimize workflows.

Autocosmos | Buenos Aires, Argentina
*Customer & Technical Support | March 2020 – August 202*3

- Provided specialized technical support to resolve complex queries related to the platform's digital products.
- Documented and escalated technical incidents systematically following strict established protocols, maintaining effective communication with internal and external clients.

Education

Universidad Argentina de la Empresa (UADE) | Buenos Aires, Argentina
Bachelor of Science in Computer Science| April 2024 – Present

Universidad Tecnológica Nacional (UTN) | Buenos Aires, Argentina
Associate Degree in Programming | April 2022 – December 2023
